Meeting Details

At our tenth meeting on the 13th of November, 2015 from 2pm-3pm, the following members were present: Grant Herman, Zachary Kolar, Tristian Cox, Yahya Haq and Aaron Magnuson.

Accomplishments of the Past Week

This past week we met up with our adviser, Anne, and talked about the current status of the project. We discussed the issues we had regarding things such as downloading Microstation. We also updated her on the NDA and when we are going to send it to Emil. She was extremely happy with our progress. We also met with a 492 group, Dec1520, to work on our peer review assignment.

Plan for Next Week

For the upcoming week, we will scan and send the NDA to Emil. We need to work on the one-line diagrams and fulfill the requirements as asked by the client and the Project. We will also be finishing the 492 peer review paper.

Pending Issues

We need to get the NDA signed from Professor Mani Mina, get access to Microstation, and complete the 492 peer review paper.

Individual Contributions

Yahya Haq – Worked on the weekly report, completed the NDA and got the signatures of the Professor, team members and the Project Client.
