Meeting Details

At our eighth meeting on the 23rd of October, 2015 from 12pm-2pm, the following members were present: Grant Herman, Zachary Kolar, Tristian Cox, Yahya Haq and Aaron Magnuson.

Accomplishments of the Past Week

This past week we met with our client, Emil in Lamoni, Iowa. We talked about the project status and asked him the questions we had. He was really helpful in solving them as he gave enough information regarding the feeder size, the alternatives we need to keep in mind and whether we should go for underground or overhead lines. Once we got all the information we were ready to start the design document.

Plan for Next Week

For the upcoming week, we will complete the first version of the design document and then we will meet with our adviser and discuss the minutes of the meeting with Emil. We will show her our version of the design document.

Pending Issues

There are no pending issues at this time.

Individual Contributions

Yahya Haq – Worked on the weekly report, discussed with team members and then sent it to the adviser.

Zachary Kolar – Shared information between us, the adviser, the client and the professor.

Aaron Magnuson – Researched about different size transformers and worked on an optimal solution that might be needed for this project.

Grant Herrman – Researched on the city of Lamoni, created and shared a summarizing document of key project concepts.

Tristian Cox – Started working on the team website, created the group email and created a project facebook group.
