Meeting Details

At our ninth meeting on the 30th of October, 2015 from 2pm-3pm, the following members were present: Grant Herman, Zachary Kolar, Tristian Cox, Yahya Haq and Aaron Magnuson.

Accomplishments of the Past Week

This past week we met up with our adviser, Anne and reviewed our meeting with Emil. We updated her with the minutes of the meeting and told her what information we gained from the meeting. We discussed with her the files we received and how useful they were to our project.

Plan for Next Week

For the upcoming week, we will work on the files that our client, Emil sent us. We will figure out if we need more information or not. Once that is done, we will start figuring out the loads and other information needed.

Pending Issues

We just need to check if we have all the information to start working.

Individual Contributions

Yahya Haq – Worked on the weekly report, discussed with team members and then sent it to the adviser.

Zachary Kolar – Shared information between us, the adviser, the client and the professor.

Aaron Magnuson – Researched about different size transformers and worked on an optimal solution that might be needed for this project.

Grant Herrman – Researched on the city of Lamoni, created and shared a summarizing document of key project concepts.

Tristian Cox – Started working on the team website, created the group email and created a project facebook group.
